# Sidereal Planet Positions

In vedic astrology, the determination of planet positions relies on the nirayana longitude, where "Nir-Ayana" denotes no movement. Here, the ayanamsa, the precise degree difference between the moving vernal equinox and the exact sidereal zero Aries point, is subtracted from the sayana longitudes used in western astrology. Amongst the different practices used for the calculation of ayanamsa, the method used here is chitrapaksha.

## Chitrapaksha Lahiri : 23° 59' 50"

# Rahu-Ketu Analysis in Your Birth Chart

In Vedic astrology, Rahu and Ketu are considered to be shadow planets or 'chaya grahas'. They are not physical objects like the other planets in the solar system, but rather are mathematical points that are considered to have astrological significance.

According to Hindu mythology, Rahu is the head of an asura (demon) who was immortalized after drinking the nectar of the Gods. Ketu, on the other hand, represents the body, which was cut off by the God Vishnu after the asura's head had already been immortalized.

Rahu and Ketu do not move in the same way as the other planets. Instead, they move backwards (always retrograde) through the zodiac, in a direction opposite to the other planets. Rahu and ketu take approximately 18 years to complete one full orbit around the zodiac, and they spend about 1.5 years in each sign.

## Rahu in Twelfth House

When Rahu occupies the twelfth house (Vyaya Bhava), it brings both challenges and opportunities. The native may tend to act secretly, make immoral decisions, and struggle with overspending. Health concerns related to water or fluid retention may arise, requiring caution.

Success and prosperity may come through unconventional or morally questionable paths, though this can lead to inner conflict. The native might face weakness in specific parts of the body, especially those related to the limbic system, and should work on strengthening these areas.

Individuals with this placement must avoid straying from the righteous path, as taking shortcuts for quick rewards could bring long-term ruin. They should focus on resolving misunderstandings with family and loved ones to foster harmony and contentment.

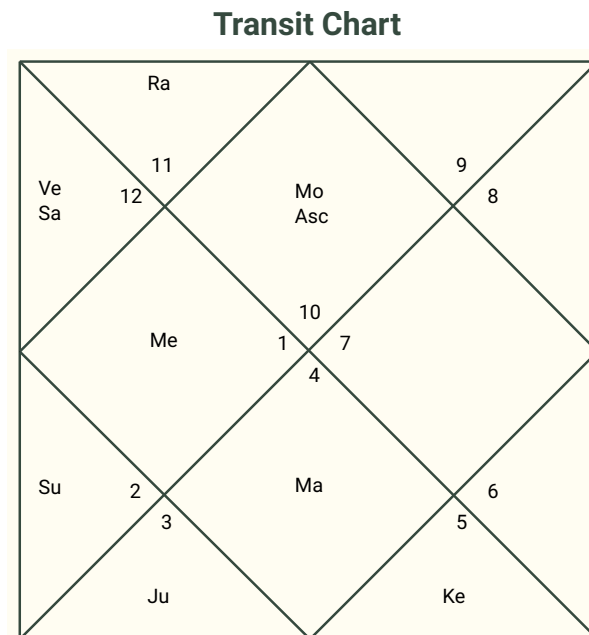

Rahu in the twelfth house also indicates a strong likelihood of forming connections with foreign countries or even relocating abroad. Health issues like leg strain, eye discomfort, or back pain might occur but can be managed with care. The native may develop a cautious attitude toward water and certain environments.

The overall influence of Rahu is shaped by the ruling planet of the twelfth house, which can either mitigate or intensify its effects, offering a mix of challenges and growth opportunities.

## Ketu in Sixth House

When Ketu is positioned in the 6th house, it can bestow the native with exceptional generosity and admirable qualities. Individuals may attain enduring fame, reliability, and high authority, capable of overcoming their enemies and achieving their desires. Ketu's influence in the 6th house may also make the person compassionate towards their relatives and renowned for their magnanimity and profound knowledge. However, Ketu's presence in the 6th House could bring about health issues. Additionally, being considered a malefic influence, Ketu may also help to overcome adversaries.

# Transit of Rahu & Ketu

Rahu and Ketu are transiting through Kumbha Rashi and Simha Rashi, respectively, from May 18, 2025, to December 05, 2026. This transit will be through the 9th House for Rahu and the 9th House for Ketu, counted from your Janma Rashi Dhanu. Rahu and Ketu are Rajatha Moorthy for you, resulting in a moderate reduction in the manifestation of these positive effects.

Rahu and Ketu will stay in Kumbha Rashi and Simha Rashi, respectively, for 1 year, 6 months and 17 days

The next Rahu and Ketu transit is on December 05, 2026, when Rahu will move to Makara Rashi and Ketu to Karka Rashi.

Disclaimer: Rahu and Ketu are traditionally viewed as malefic planets, which is why their transit predictions often tend to highlight challenging outcomes. The effects of any planetary transit, whether positive or negative, can be altered or mitigated by various factors, such as the aspects received from other planets, the planet's dignity in an individual's birth chart, and the impact of other ongoing transits, to name a few.

These predictions are meant to provide insight into potential areas of life where the effects of Rahu and Ketu may manifest during their transit, as mentioned in astrological scriptures. We strongly encourage users to view this information as a guide for taking necessary preventive steps rather than feeling anxious or alarmed by the forecasts.

### **Impact of Rahu's Transit in Your Third House**

With Rahu in the third house, this period is likely to bring positive changes and various benefits. The native may enjoy increased comfort and luxury, with income rising from various sources. They will gain the courage to confront challenges and experience improved vitality. Pleasurable experiences are likely to be heightened, and the native will savor good food and receive support from siblings. Health issues affecting their spouse and children should see improvement. Additionally, there could be unexpected financial gains, including money from adversaries.

### **Impact of Ketu's Transit in Your Ninth House**

When Ketu is in the ninth house, the native may experience some unfavourable outcomes. There could be instances of humiliation or deceit from others, leading to potential financial losses through speculation or gambling. This, in turn, may cause the natives to turn to deception as well.

They may also grapple with personal integrity, facing challenges that could lead to a reputation for dishonesty. Short tempers may exacerbate difficulties, possibly resulting in unsuccessful legal endeavours. Additionally, health issues within the family, particularly concerning the father-in-law, could contribute to stress.

However, amidst these challenges, the native may cultivate a deeper spiritual awareness. This introspection can lead to significant mental clarity and a fresh perspective on life, providing a valuable opportunity for personal growth and transformation.

### **Impact of Rahu's Transit through Aquarius (Kumbha)**

Capricorn ascendants will experience transition in the second house, Dhan Bhava, which governs the aspects of- wealth, family, communication, etc. This falls under the control of Shani, an ally of Rahu. This passing might result in some concerns regarding the subject of wealth, and difficulties and deficiencies might arise in family matters. Nevertheless, through discreet strategies, he/she will manage to facilitate the growth of his/her financial resources. Since Rahu is transiting through the sign of a stern and stable planet Shani, the native achieves wealth using internal strength and resilient thoughts. Occasionally, the native may resort to borrowing money to achieve his/her financial goals. He/she will gain great external recognition in financial matters but might experience some internal challenges related to wealth. Yet, eventually the native will achieve financial stability.

### **Impact of Ketu's Transit through Simha (Leo)**

For Capricorn's rising signs, this advance will be through the eighth house, Ayur Bhava, which represents longevity, occult, mysticism, transformation, and change. This falls under the rulership of Surya/Sun, who is considered an opponent or enemy of Ketu. Since this transition brings together two enemies, some negative impacts are bound to be faced by the natives. He/she may face challenges in the realm of longevity, and repeated troubles must be overcome to find peace and comfort in life. This period may seem difficult, as significant hardships and obstacles can arise in pursuing livelihood and sustenance coupled with loss or scarcity of strength amassed from previous efforts. The native must take special care of his/her health, particularly of the abdominal region, as this transit may result in certain afflictions in the lower abdominal or stomach region. But as Ketu is transiting through the enemy planet Surya/Sun's sign these issues will remain hidden, causing concerns to stay concealed, without any outward signs. To carry out the daily routine smoothly, the native will use his/her hidden strength and intense hard work.

# Gochar Vedha

The transit of planets through Rashi yields both favorable and unfavorable results, contingent upon the individual's house placement relative to their Janma Rashi (natal moon sign), where the transit occurs. Occasionally, these positive and negative effects are nullified by the positioning of other transiting planets in particular houses relative to the Janma Rashi. When the positive influences of a transiting planet are nullified, it is called Gochar Vedha, and likewise, when the negative impacts arising from the transiting planet are neutralized, it's termed Vipareetha Vedha.

## Rahu

The anticipated positive effects of Rahu's transit through the 3rd house are nullified due to the simultaneous transit of Mercury, Venus and Mars through the 12th house relative to your Janma Rashi Dhanu, which serves as a 'Vedha Sthana' for Rahu. This cancellation of favourable results is termed as 'Gochar Vedha'. The specific durations of the transits of Mercury, Venus and Mars that result in the cancellation of beneficial effects are given below:

Planet	Start	End	Duration
Budha	Oct 24, 2025	Nov 23, 2025	30 days
	Dec 06, 2025	Dec 29, 2025	22 days
	Dec 02, 2026	Dec 05, 2026	3 days
Shukra	Nov 26, 2025	Dec 20, 2025	23 days
Kuja	Oct 27, 2025	Dec 07, 2025	1 month and 10 days

## Ketu

The anticipated negative effects of Ketu's transit through the 9th house are nullified due to the simultaneous transit of Mercury, Venus and Mars through the 6th house relative to your Janma Rashi Dhanu, which serves as a 'Vedha Sthana' for Ketu. This cancellation of unfavourable results is termed as 'Vipareeth Vedha'. The specific durations of the transits of Mercury, Venus and Mars that result in the cancellation of non-beneficial effects are given below:

Planet	Start	End	Duration
Budha	May 23, 2025	Jun 06, 2025	13 days
	May 15, 2026	May 29, 2026	14 days
Shukra	Jun 29, 2025	Jul 26, 2025	26 days
	Apr 19, 2026	May 14, 2026	24 days
Kuja	Jun 20, 2026	Aug 02, 2026	1 month and 12 days

Mentioned above are the Vedha periods for the planets, excluding the luminaries. Vedha periods for the Sun and Moon are provided at the end of the report.

# Remedies

Rahu and Ketu, the shadow planets in Vedic astrology, are known for their karmic influence and can bring challenges in life. Remedies to counter their effects often include chanting mantras, wearing or donating gemstones like Gomed and Cat's Eye, performing rituals and pujas, and making specific offerings to reduce their malefic energies and restore balance. Some of these remedies, as outlined in Vedic texts, are as follows:

गोमेन्द्रत्नं च तुरंगमश्च सुनीलचैलानि च कंबलानि ।  
तिलश्च तैलं खलु लोहमिश्रं स्वर्भानवे दानमिदं वदन्ति । ।  
वैडूर्यरत्नं सतिलं च तैलं सुकंबलश्चापि मदो मृगस्य ।  
शस्त्रं च केतोः परितोषहेतो रुदीरितं दानमिदं मुनिन्द्रैः । ।

As indicated in the preceding Sanskrit shlokas, the following donations or offerings can help mitigate the negative effects of Rahu and Ketu in one's birth chart:

## Offerings to Appease Rahu:

- Hessonite (Gomed) Gemstone
- Black Horse
- Blue Garments
- Blanket
- Sesame Seeds
- Oil
- Iron

## Offerings to Appease Ketu:

- Cat's Eye Stone (Lehsunia)
- Sesame Seeds
- Oil
- Blanket
- Musk
- Sword

These offerings are believed to help reduce the adverse effects of Rahu and Ketu, thereby promoting harmony and well-being.
